Play a leading role...

For more than two centuries, Walnut Street Theatre has enriched audiences with world-class live entertainment. Shows began in an equestrian circus ring in 1809, and continue to entertain all ages today with Mainstage, Studio, and Kids Series productions. As the oldest continuously operating theatre in America, the Walnut is a National Historic Landmark that stands as a cultural beacon to those who love history, culture, and performing arts.

...impact the future!

To keep the future bright, the Walnut reaches out into the community with arts education programs. While school budgets leave arts behind, America's Oldest Theatre comes down from the stage to interact with over 155,000 families, students, and educators each year.

Your tax-deductible gift helps keep our artistic standards high, and provides meaningful experiences for new generations of theatre-goers.
